## Marijuana Raids Net 13 Arrests

Thirteen people were arrested on drug charges Monday night in a series of raids initiated by the Richardson Police Department.

Three of the arrests were made near Lake Lavon. Richardson and Department of Public Safety officers made the arrests for possession with intent to sell after a police drug "buy" in Richardson went wrong.

Chief Deputy Royce Abbott said Collin County deputies were not involved in the raid "due to the risk involved and an earlier bust" in Richardson.

The arrests are the result of a month-long drug investigation by the Richardson Narcotics Bureau. A suspect who was to meet an undercover officer at the mini-warehouses on Centennial Drive in Richardson panicked and tried to leave the scene.

During a chase with Richardson officers, four shots were fired although no one was injured. The suspect vehicle crashed into a Richardson unit causing minor damage to both vehicles.

As a result of this meeting, three persons were arrested and 200 pounds of marijuana with an estimated street value of \$35,000 was confiscated.

Working on information obtained from the suspects, Richardson and DPS officers arrested three persons at Lake Lavon who are suspected of loading the confiscated marijuana. They also will be charged with possession with the intent to sell.

During questioning of the suspects, an address in Garland was implicated in the case. Seven people were arrested at the Garland residence and Garland and Richardson officers confiscated two pounds of marijuana and an assortment of pills.

A Richardson officer said four of the suspects arrested in Garland face possession with intent to sell charges while three others are being held for possession.

The "bad news" at Monday morning's County Commissioners Court meeting was that the new courthouse-jail complex, originally scheduled for completion at the end of this year, will probably not be finished until at least some time in June of 1978. Last winter's harsh weather and anticipated cold spells this coming winter will account for much of the delay on the \$7 million-plus facility. The complex, which will replace the century-old structures now being occupied, is being built on the corner of MacDonald and Davis Streets in McKinney. (Staff photo by Mike Newman).

## Hendricks Stands By Criminal DA Statute

BY TERRI ANDERSON

State Representative Bob Hendricks appeared briefly before the County Commissioners Court Monday morning to clarify "a few matters which have evidently been misleading."

Hendricks' comments referred to a law he pushed through the 1975 State Legislature which will force District Attorney Tom O'Connell to give up his private civil law practice by Jan. 1, 1979.

O'Connell has filed a "friendly" lawsuit against the commissioners and county auditor in an attempt to

have the statute declared unconstitutional.

"That law was passed in 1975 and both the judge (District Judge Tom Ryan) and the district attorney were aware of it," explained Hendricks, a McKinney lawyer. "At that time I agreed to hold off the effective date so that Mr. O'Connell could wind up his private practice."

He added that he was not "picking on Collin County" and named several other counties which placed similar restrictions on their criminal district attorneys.

The state representative pointed out

that O'Connell currently receives a salary of \$28,500 per year with \$21,600 of that paid by the state. In 1979, Hendricks said, the district attorney will be paid \$29,400 per year with \$27,000 coming from the state.

"It is my feeling that Mr. O'Connell, who has three assistant district attorneys... three secretaries and one investigator, is being paid a full-time salary for a full-time job," Rep. Hendricks said.

"I feel that what I did was right for the county," he continued. "It is a full-time job and the taxpayers should expect full-time work. If the taxpayers have the full circumstances, they will demand that it be done."

Hendricks added that he "certainly didn't try to hide the passage of this law" and implied that O'Connell's "friendly" lawsuit should instead have taken the form of a request for an Attorney General's opinion.

He stressed that if the court rules that the restrictive statute is unconstitutional, and that decision goes unappealed by the Commissioners Court, that the law would not be upheld in the county.

O'Connell's suit is on file in the 199th District Court but no date has been set for the hearing.

## Liquor Vote Final; Courthouse Delayed

Results from Plano's local option election are finally official.

Collin County Commissioners canvassed the returns yesterday morning to formally announce that the election, held Oct. 8, had passed by a vote of 5,791 votes for the proposition and 4,464 against.

The option allows the legal sale of beer and wine in Plano for off-premise consumption only.

Also at Monday's meeting, County Judge Nathan E. White Jr. asked Jarvis, Putty and Jarvis representative Rich Morgan to give "the bad news" relating to the new courthouse-jail complex to the commissioners.

Morgan told the court that the construction contractor had revised his completion date to June of next year. The \$7 million-plus complex was originally scheduled for completion Dec. 31, 1977.

"The contractor is doing a good job,

but it's really a more time-consuming and complicated job than we had realized," explained Morgan. "We were overly optimistic about the completion time."

Judge White asked that Morgan look into how many days of construction time have been lost due to weather and if the county could benefit from a penalty clause in the construction contract.

Two change orders were approved for the new courthouse. A revision to the general construction contract dealing with elevator car enclosures amounted to \$1,130 while furniture changes totaled \$148.

In other action, permission was given to advertise for bids for two loaders for Precinct 2 and for a seal coat on Stone Road in the Wylie area. W.K. Hassell was granted permission to lay a gas line across county right-of-way in Precinct 3 and 16,358 square feet of county land just north of McKinney was declared surplus.

A Highway Commission minute order for 1.6 miles of farm-to-market road between Murphy and Wylie was accepted and the court agreed to pay \$50 per month rental on parking facilities to the McKinney Merchants Association. Minutes and financial transactions from last week were also okayed.

## Accidental Shooting Reported

Police are carrying the death of Hugh Dwight Houghton as an accidental shooting until the medical examiner makes his report.

Houghton, 30, was shot in the presence of his wife Monday morning at their home, 1816 Mercedes Pl. A police department spokesman said a pistol fired the fatal shot while Houghton was lying on a water bed.

Police were called to the scene at 11:16 a.m. by Mrs. Houghton. Houghton was with Metroplex Reproduction Company in Arlington.

## P&Z Debates Greenbelt Discussion Lengthens Routine Meeting

BY PAM TROBOY

Open space was on the mind of the Planning and Zoning Commission Monday night.

Several routine items were held up for extended debate on the way green areas should be utilized. The first question arose as the commission examined the preliminary plat of Riverbend West.

The 45.5 acre tract is on the north side of Park Boulevard and east of Coit Road. Stiles Land Corporation's plat showed a drainage channel which will be sold to adjacent property owners.

Jim Edwards suggested that a series of man-made lakes would enhance the development, but Dave

Pearson replied that after considering all the drawbacks, Stiles had elected not to continue with the idea.

Assistant City Manager Al Dougal also added that the parks department was not enthusiastic because of the expense involved.

Danny Muzyka agreed pointing out that the department has added a large amount of land for athletics. He said the parks board ruled there was a greater need for athletic space. He noted that under the developer's scheme, the city has the benefit of open space without the cost.

Edwards abstained from the vote and the plat was approved 3-0-1.

Muzyka also urged the approval of Park Forest North VIII's final plat.

He said the city would be unable to obtain grant moneys for two parks in the area until the final plat had been approved and deeds transferred to the city.

Commissioners had attempted to table the plat by requesting the park board investigate the need for a greenbelt tie between the Texas Power & Light 250-foot easement and the proposed Russell Creek greenbelt.

Bob McCurley pointed out that the greenbelt is included in the master plan and stressed that it would be the only connection east of Coit Road. Edwards joined in the motion to table.

The motion and second were withdrawn, however, after Muzyka assured them that the tie had been

considered and rejected by the board. He said another large tract for athletic space had been purchased instead.

Only one item—the rezoning of 2.3 acres on the northwest corner of Townbluff and Parker—was denied. Commissioners indicated that office zoning was not desirable across the street from duplexes. The vote was unanimous against the proposal.

The only other item to get a negative vote was a day care center on the northeast corner of Alma and Mossvine. Edwards opposed the issuance of a special use permit after several neighboring residents protested about the increase of traffic.

Cencor Services was awarded the permit on the .69 acre lot by a 3-1 vote. The company was granted another day care permit in east Plano unanimously.

The LaPetite Learning Center will be located 500 feet east of Avenue K on the north side of Park Boulevard in an apartment zone.

The annexation of 4.2 acres on the southwest corner of SH 121 and Custer Road was also recommended. James H. Schiff had requested light commercial zoning, but the commission decided that any other classification than agriculture is "premature."

Other items approved were the annexation and zoning of 37.9 acres on the north side of White Rock Road and about 2900 feet west of Coit Road; the site plan and final plat of Bethany Bible Fellowship, 2.4 acres on the south side of Parker Road and about 800 feet west of Independence Parkway; the final plat of Los Rios V, 38.9 acres located east of Albritton Park and south of the proposed extension of Park Boulevard; and the preliminary plat of Park Forest VI, 41.7 acres located north of Parker Road between Thunderbird Lane and Alma Drive.

Hunt Properties gained approval of a corrected plat, final plat and site plan for portions of Pitman Corners. The commission also agreed to delay a screening wall requirement on the site plan until adjacent development is firmed.

Cliff Murphy convinced commissioners that screening retail from a creek is "unaesthetic." He said that if the adjacent property develops as apartments the creek bank can be used for passive recreation.

## White's Attempt Fails To Win GOP Position

Collin County Judge Nathan E. White Jr. lost his bid for State Republican Chairman to Ray Barnhart of Houston.

The 63-member State Republican Executive Committee split 37 for Barnhart, Harris County's Republican Chairman, and 26 for White in Saturday's voting.

Barnhart will replace Dallas attorney Ray Hutchison who is stepping down after two years in office to consider a race for the governorship. Barnhart will serve until Hutchison's

term expires at the state convention next September.

The low-key contest found little difference in the philosophies of the two candidates. Both were conservatives and Ronald Reagan supporters in last year's presidential battle and each said he was committed to grass roots organization, party unity and support for GOP candidates seeking local office.

White has not yet indicated whether or not he will run for re-election to his county judge position in the May primary.

## An 'Old Lady' Seeks A Newer Rest Home

BOSQUE DEL APACHE, N.M. (UPI) — Two years ago Ida was an orphan. Barely 6 months old, she traveled 800 miles with her foster parents across the plains and mountains of the West.

Now, though not completely mature, Ida is the "old lady" among a select group seeking a new home.

Ida is a whooping crane, one of only about 120 in the world. She and her peers are the largest birds in North America and, until recently, her kind appeared doomed to extinction.

Her brilliant white plumage shining in the bright sun, Ida flew into New Mexico's central Rio Grande Valley this fall, ending an 800-mile migration from Idaho. With her came a new member of a tiny flock of whoopers.

Ida and her companion were the first of an experimental flock of whooping cranes to arrive at Bosque del Apache National Wildlife Refuge this fall. Tom Smylie of the U.S. Fish and Wildlife Service said six or seven more whoopers are expected.

The two birds arrived at Bosque del Apache last weekend after migrating from their nesting grounds at Grays Lake National Wildlife Refuge in Idaho. The rest of the flock has stopped at a refuge near Monte Vista, Colo., and will continue to Bosque del Apache later.

The Fish and Wildlife Service hopes to establish the Western flock of whoopers to protect the bird, which stands four feet tall. The main flock, once numbering in the thousands, migrates each year 2,450 miles from northern Canada to Texas' Gulf Coast.

The birds in the experimental flock were hatched from eggs taken from the main flock. The eggs were placed with sandhill crane foster parents at Grays Lake, with the hope the fledglings would adopt the migration patterns of the sandhills.

Ida first came to New Mexico with three other whoopers in 1975. The flock grew to six last year and wildlife officials hope it will increase to eight or nine this year.

Smylie said it will be several more years before biologists know if the experiment is successful. The test will be completed when the mature whoopers mate and have their own offspring and continue the migration.

## Planning Policies

## Energy Work Begins

By WILLIAM E. CLAYTON

WASHINGTON (UPI) — What President Carter called virtually a separate branch of government — the House-Senate conference committee — was starting work today on a series of bills that will set the nation's energy policy.

The conferees planned an organizational meeting for this afternoon. Then they will turn to the bills, in increasing order of importance.

First on the list is an energy conservation bill whose feature is a

program for utilities to help homeowners "weatherize" their homes. The conferees will turn later to coal conversion and reforms of utilities' pricing techniques, and finally to the two most explosive issues — federal controls on natural gas pricing and the energy tax package.

President Carter set the stage for the conferees' task by telling his Cabinet Monday of the importance of an energy bill this year. Press secretary Jody Powell hinted that Cabinet members will become a

traveling cheerleading squad of sorts, pressing Congress for action this year.

"The President made clear the importance of the passage of an energy program this year," Powell told reporters Monday. "It would be my guess his feelings were shared and their activity will be forthcoming."

Through Powell, Carter indicated Monday his veto threat against a natural gas price deregulation bill covers virtually any compromise that includes a form of deregulation.

Sen. Henry Jackson, D-Wash., chief Senate sponsor of Carter's energy program, said he believes Carter is not willing to approve any legislation that has a form of deregulation.

"I think Senator Jackson is giving his impression of the President's view," Powell said. "He is an experienced and interested observer."

Congressional leaders plan to send Carter his energy policy in several separate pieces, so that he could veto one of them if he wanted. If Congress accepted the Senate version on natural gas — a phaseout of price controls — Carter could veto that and leave in place the current controls at \$1.46 per thousand cubic feet for interstate sale of gas.

## Explosion Hits House, Causes Minor Damage

Minor damage was reported in an explosion and fire Sunday night at 2910 Lemon Tree.

A fire official said the resident, who was unidentified in department reports, had been working in the garage with a butane tank when the explosion occurred at 9:06 p.m.

Portions of two walls were blown

## Collins Nixes Air Bags

### Congressman Leads Committee Attack

By a narrow two vote margin, the House Committee on Interstate and Foreign Commerce killed a resolution that would have blocked the Department of Transportation's mandate to install air bags in every automobile.

Committee supporters of the resolution, led by Congressman Jim Collins of Dallas, stated that installing air bags will mean higher new car prices and an in-

ferior safety system for the public.

"All of the research done on air bags has indicated that they are definitely not as effective as shoulder and lap belts in preventing injuries and fatalities," Collins told the Committee. "Tests done by the very agency (DOT) that is trying to force air bags on the public show that the lap-shoulder belt system is 5.5 times more effective than air bags in

preventing deaths and 2.5 times more effective in preventing injuries."

"Furthermore," Collins continued, "for the privilege of being protected by an inferior system, the American consumer will be forced to pay \$4,000 extra over the life of his car. Insurance costs \$700 to replace after an accident."

Advocates of the air bags contend that they will save 9,000 lives a year. However, Collins and his supporters point out that not only is that figure less than the safety belt system could provide, but there will also be an estimated 30,000 accidental inflations every year. "Imagine traveling 55 m.p.h. along the highway and having one of those things explode in your face," the Third District Congressman said. "You could not help but have a very serious accident."

"In Dallas County, 76 percent of all the drivers who were found to be at fault in a fatal accident had been drinking or taking drugs," Collins also noted. "Instead of shoving another government regulation down the throat of the American

taxpayer, we should be working to get the DWI off the road."

Collins concluded by saying, "The lap-shoulder belt system is not only the best system, but it is already installed in 95 percent of all cars currently on the road. If individual car owners want to pay for air bags, it should be their decision—not an order from the Washington Bureaucrats who want to shape our lives from sunup to sunset."

#### BURGER EATERS

Americans eat around 11 billion pounds of hamburger a year.

## Sheriff Notes Surplus In 1976-77 Budget

The fiscal year 1977 operating budget for the Collin County Sheriff's Department came in almost \$9,000 under budget according to a report given yesterday to the Commissioners Court.

Sheriff Jerry Burton told commissioners that, although three categories overran the budget by some \$5,000, final figuring showed a balance of \$8,745.

The department had been allotted \$122,850 for operating expenses for the period of Oct. 1, 1976 through Sept. 30, 1977, but spent only \$114,105. The salary budget of \$343,297 was also underspent by \$7,931.

Budgeted for food was \$30,000 but actual expenditures amounted to \$31,030. Jail supplies also totaled more than the budget had allowed—\$7,425 instead of \$6,000.

The biggest discrepancy, the sheriff pointed out, was in the medical category where the \$3,500 budgeted amount was overrun by \$2,505 totaling \$6,005.

All the over-budget categories were areas over which the department had no control, Sheriff Burton noted. He said that the overrun for medical expenses was due to the fact that the county holds legal responsibility for the medical problems of all jail inmates.

One prisoner, who had been charged with attempting to burn down his

house, had been caught in the fire himself and required care in a Dallas burn treatment center, said the sheriff. He added that this prisoner had accounted for a large portion of the medical expenses.

Coming in well under the sheriff's budget were the categories of insurance (\$4,851 under due to some dropped coverage); fuel and oil (\$3,526 under due to grant credits); and, automobile maintenance (\$900 under also due to grant credits).

Some \$115,954 in grants was received by the Sheriff's Department in fiscal 1977. More than \$55,000 was granted by the federal and state governments for the county's Major Crime Task Force, while over \$60,000 was given to the traffic division.

Sheriff Burton also told the Commissioners Court that department vehicles traveled 630,509 miles during 1977—more than double the number of miles traveled just two years ago.

Because more cars are on patrol now, Burton explained, arrests and major offenses are down because of the increased visibility of patrol cars.

The department made only 1,157 arrests this year compared to 2,239 arrests in 1976. Four hundred ninety-four offenses were investigated in 1977 with 517 investigated the year before. Only 344 of 2,239 total

warrants were returned unexecuted and 4,753 civil papers were processed and/or served. The total number of calls answered numbered 2,585.

The number of jail inmates during 1977 decreased from the year before. A total of 17,942 prisoners were held in the Collin County Jail in 1977 (an average of 49 per day) compared to 19,148 in

1976 (an average of 53 per day).

More than 31,000 meals were served to those prisoners at a cost of \$1 per meal.

The sheriff pointed out that his department "is not just sitting around," commenting that some \$255,327 was put into county coffers from the Sheriff's Department.

## Local Church Plans Non-Credit Courses

Four community, non-credit courses will be offered by Dallas Baptist College at Meadows Baptist Church in Plano on Monday evenings, Oct. 31-Dec. 12, 7-10 p.m.

The courses include Class Voice Instruction, 7-8:30; Principles of Counseling, 7-8:30; Survey of the Old Testament, 7-8:30; and the Life of Christ, 8:30-10.

The continuing education

courses will cost \$9 in pre-enrollment and \$10 for registering at the first class session. Also, two courses may be taken for \$17.

For more information or pre-enrollment, contact C. Ray Beltz, coordinator of continuing education, Dallas Baptist College, 3000 Florina, Dallas, Tx. 75211 or by calling (214) 331-8311.

## State Fair Sets Livestock Auction

Interested in buying some premium meat on the hoof for your freezer while having the fun of bidding for it at an auction? Then attend the Junior Livestock Auctions at 9:30 a.m. on Friday, October 21 and Saturday, October 22 at the State Fair of Texas.

Steers will be auctioned on Friday and lambs and pigs on Saturday. All proceeds from the purchases go entirely to the Texas Future Farmer or 4-H Club member who raised the animal.

Each successful bidder pays the market price plus 15 cents a pound extra for a steer, 20 cents a pound for a lamb, and 10 cents a pound for a pig. This bonus helps defray the youngsters' travel and living expenses. Auction participants also

can buy an animal and donate the meat to an institution of their choice, or can donate \$150 to sponsor a steer, lamb or pig.

Auction officials will make sure that the donation goes to one of the youngsters who raised an animal for the auction, and on request will have the meat processed and delivered for the buyer. Both these methods of supporting the auction are tax deductible.

Since early spring the youngsters have been preparing their livestock for the auction. Not only do they gain valuable experience in the proper methods of raising livestock, but the money they earn for their animals can be used to further the youngsters' education.

For further information and to receive a free admission and parking pass to the auctions, call the Livestock Department at the State Fair, (214) 823-9931

## and your electric bill.

Fuel is essential in the production of electricity. Texas Power & Light Company generating plants burn very large amounts of natural gas or lignite coal and, when supplies of gas are short, oil to produce steam which operates turbine generators. Fuel costs are charged to each TP&L customer according to the number of kilowatt-hours of electricity used by the customer.

Before July 1, 1977, your basic rate for electric service included a fuel cost of about eight-tenths of one cent for each kilowatt-hour. The additional cost of fuel used to produce your electricity was shown on your bill as a fuel adjustment factor.

Since July 1, 1977, under requirements of the new Public Utility Commission of Texas, all fuel costs

have been removed from the basic rate. Now, the entire amount you pay for the fuel required to produce the electricity you used is shown on your bill in the space identified, *Fuel Amt.* This amount is figured by multiplying the number of kilowatt-hours of electricity you used by a fuel adjustment factor which appears on your bill in the space identified, *Fuel Cost per Kwh.* This factor is simply the per kilowatt-hour cost of all fuel required to produce your electricity.

The fuel cost per kilowatt-hour and the fuel amount on your electric bill will vary from month to month. These variations, either up or down, occur as the price TP&L pays for each kind of fuel fluctuates and as the amount of each kind of fuel used varies.

## Scouts Awarded At Recent Meet

At the recent meeting of Cub Scout Pack 259 more than 40 awards were presented to the Cubs.

Bobcat badges were awarded to Brad Barnes, Ryan Smith, Chris Fry, Pat Casey, Clark Cockreham, Kelly Conard, Neel Dhudisia, Bernard Jiang, Danny Tetrault, Brent Sutton, Blair Solomon, Todd Bice, Jeff Ray and Eric Greig.

Also receiving Bobcat badges were Nick Muccilli, Chris Williams, Mark LaNicca, Randy Ess, Jon Blann, Scott Ward, Mike Ensminger, Chris Cannon, Steve Dalton, Warren Womack and Kevin Stone. Several Webelos received awards and they include Paul Dees, Kirk Towler, Had Binion, Eric Jacobson, Tim Corum, Mike Corum, Andy Fry, John Tetrault.

Pack Chairman Frank Pritt introduced Cubby Davis, the pack's new mascot. The mascot will be

given to the den having the highest percentage of parent attendance at the monthly pack meeting.

## W. Mumford Participates In Exercise

Specialist Four William R. Mumford, son of Mrs. Lottie N. Mumford, of Hutchinson, Kan., recently participated with other American and allied troops in Exercise Reforger '77.

Some 12,000 U.S. based soldiers and more than 37,000 tons of equipment arrived in Europe in late August as the massive exercise got under way.

After arrival, Reforger troops drew equipment from ships and from prepositioned stocks, then joined with U.S. Army Europe troops to begin the exercise.

Reforger, conducted by NATO's Allied Command, Europe, emphasized the orderly disposition of forces and stressed deployment procedures and techniques.

Spec. Mumford, a fire control computer specialist with the 36th Infantry in Kirch Gons, Germany, reentered the Army in August of this year.

The specialist received his high school diploma through the General Educational Development program.

His father, George L. Mumford, lives at 1006 20th St., Plano, Tex. His wife, Sally, is with him in Germany.

## Career Decision Course Planned

The days of the butcher, baker or candlestick maker are long gone. Today, almost anyone can be almost anything.

A course designed to help persons choose the right career or make a career change will be offered in November at The University of Texas at Dallas Center for Continuing Education.

"Career Decision Making" will include individualized counseling and testing of aptitude, interests and temperament. In addition to those interested in a new career, the course also is aimed toward upper-level college students and those persons re-entering the work force. Past participants have represented all economic and educational backgrounds.

According to Ed Fleming, career counselor and instructor for the course, the class is limited to 18 persons to insure individual attention.

"Through testing, counseling, discussion and participation, people become familiar with their own strengths," he said. "They learn to relate, discover their interests and learn something new about themselves. The tests help determine if someone is dominant, gregarious, subjective, objective, motivated, versatile and adaptable, to name a few."

Depending on the desired careers, counseling may include recommendations for additional education, on-the-job training or an apprenticeship. Students are encouraged to research all job categories which interest them.

"Career Decision Making" will meet each Tuesday from Nov. 1-Dec. 13, 7-9 p.m. in the UT-Dallas Eugene McDermott Library. Additional information may be obtained by calling the Center for Continuing Education at 690-2204.

## Will-Making Needs Attention

The drawing up of a legally recognized will is one of those somber chores that many of us put off indefinitely. Others, having performed the task once, fail to recognize the need to constantly update and revise the document as their financial life changes.

More importantly, as federal and state tax statutes change, even the most recently revised wills can be rendered ineffective.

"I'd say that anyone who had a will drawn up before the 1976 Tax Reform Act should at least have his/her will looked at by a lawyer," said John D. Goethel, associate counsel for the law department of the John Hancock Mutual Life Insurance Co.

Contrary to popular belief,

drawing up or revising a will is usually a simple and inexpensive procedure. Yet, in 1975, 70 percent of the 1.9 million Americans who died left no will.

According to Mr. Goethel, even people on the lower end of the economic ladder can point to estate potential far exceeding what one would normally estimate. You don't have to own a palatial home to have an "estate". Group life insurance, company profit-sharing, pension plans and social security benefits all constitute estate potential that should be considered in drawing up a will.

Although the restructuring of the tax rate system in 1976 eases the tax burden of smaller estates, the consequences of a poorly outlined will may substantially diminish the value of your estate.

Goethel lists three steps that can be taken now to ensure your wishes are carried out at the time of death.

- Retain the services of a trusted family lawyer or contact a local professional lawyers' organization for the

names of lawyers who can assist you in drawing up a will.

Fees vary, but a basic will is relatively inexpensive. Don't hesitate to inquire in advance about the lawyer's fees. You'll need a complete inventory of assets. Include: savings, stocks and bonds, life insurance, all property (home, car, furniture, etc.) or anything else that may be of value to the heirs.

- After a review of your list of assets, the lawyer will need to know your plan for distribution. He should be shown deeds, bank books, stock certificates and other documents to best advise you whether a change in title might be prudent in order to save taxes.

Also, in the event of the death of your chief beneficiary - you and your wife are killed in an accident, for instance - who will receive the benefits?

- The lawyer will also ask you to appoint an executor whose chief responsibility is overseeing distribution according to terms of the will. A simple, modest estate could be served, in the interest of economy, by your

spouse or trusted relative. A more complex estate frequently requires the services of a co-executor, such as a bank.

In the case of a substantial estate, it might be wise to consider the services of a qualified estate planner. All lawyers can draw a simple will, but a lawyer who specializes in estate planning may be more versed in the ramifications of estate and inheritance taxes.

If you already have a will, it should be reviewed from time to time. A revision may be necessary if any of the conditions listed below have occurred:

- Sale of property.
- The death of the will's executor.
- You've moved to another state or country.

- Acquisition of new assets
- A change in the state inheritance laws.
- Federal estate tax laws are altered.

# College Homesickness—Why & When

## Rocky Family Life Could Be Cause

BALTIMORE (UPI) — Homesickness, the empty feeling that hits when a college freshman leaves home and finds himself surrounded by strangers, usually strikes students who come from rocky family situations.

Dr. Ghislaine Godenne, director of counseling and psychiatric services at Johns Hopkins University, recently experienced one of

the busiest times of her year — the first cases of homesickness.

Cases crop up during the first week of school and the

final weeks of the first semester when students are faced with final exams, Ms. Godenne said.

"Homesickness is

generally the one situation which surprises freshmen," she said. "They're so pleased to get away from home — but they become quite surprised when they find they are lonely. The most acute time is the first week."

Ms. Godenne, who has published an article in which she outlines the hazards that cause anxiety and depression among freshmen, says college life is not hazardous to a young person's life. But she quickly adds that her statement is made with some reservations.

Students who have grown up in a good family environment rarely suffer from homesickness, Ms. Godenne explained. She said usually it hits students who have had an insecure family life.

"Students never really get homesick if they had a good relationship with their parents. If you love your family — it might be sad — but there won't be any anxiety."

"But unconsciously, a

person who feels he isn't loved or feels he doesn't really love his parents — he'll get homesick," Ms. Godenne said.

Her prescription for curing homesickness is not to allow the student to return home within the first week.

"The anxiety might be so great, he might not want to come back to college," she said. "We tell them it's okay if they want to go home, but not before one week. I've never had a student go back home after he's decided to stay."

Toward the end of the first semester, homesickness strikes again because the student is "getting tired, has to study and the excitement of college is over," she said.

For other students, anxiety builds up when they are thrown into co-educational living where "sex talk if not sex deeds is more open now than ever before, and thus (they) may feel forced into sexual relations for which they are not yet psychologically ready."

She said some students are

"absolutely not prepared (for sexual experiences) and they get really scared. They're pushed into it because they want to be accepted."

"People do mature at different ages, but it is hard for a student to feel comfortable with the fact that he or she is still a 'virgin' when so many others brag of sexual exploits," she said.

But as she pointed out in her article, "So many kids brag about sexual experiences because it looks good in our day not to be a 'virgin.' Yet if one really looks at their histories, they've never had intercourse."

Financial sacrifices placed on a family who sends a child to college also can cause anxiety.

Ms. Godenne said parents should not hide their financial problems from their child, but at the same time they should not "rub it in" that they are doing

without certain things for the sake of the child's education.

"College is pretty expensive these days and some parents really do mortgage their homes. Some students will begin to feel guilty if they don't do well," she said.

Ms. Godenne said the Johns Hopkins counselors see about 11 per cent of the student population each year, which she admitted is a very high percentage.

"But we go after it — it's not that students here are any sicker than any place else. This year I hope to get 12 per cent — that's optimal and equal to about the same percentage in the general population which needs counseling help," she said.

Ms. Godenne said most colleges' services are very small and the counselors "are not as keen to see trivial things."

"We really work hard at getting known to freshman and we get terrific results," she said.

## Marine Aviation Unit Named Best Squadron

One of the Marine Corps' most famous aviation units has been named winner of the Robert M. Hanson Award, signifying its selection as the "Out-standing Marine Fighter Squadron" of 1977.

Marine Fighter Attack

Squadron One Twelve (VMFA-112), Marine Aircraft Group 41, Fourth Marine Aircraft Wing has been selected as this year's recipient of the award named in honor of Captain Robert M. Hanson, Marine "ace" and Medal of Honor

winner, who was killed in World War II after shooting down 25 enemy planes.

The award, sponsored by the Vought Corporation of Dallas, Texas, is presented annually by the Marine Corps Aviation Association to that Fighter Squadron so selected by the Commandant of the Marine Corps.

A trophy signifying the selection was presented to VMFA-112 at the Marine Corps Aviation Association's annual convention in Dallas, Texas at an awards luncheon at the Marriott Hotel on Saturday.

Accepting the trophy was Lieutenant Colonel Michael J. Hixson, commanding officer of the Dallas based squadron and who succeeds Lieutenant Colonel R. Frank Leftwich, who commanded

the unit from December 1975 through July 1977.

This year's presentation was significant in that it is the first time the trophy has been awarded to a Marine Corps Air Reserve Squadron.

Early in 1976, under the command of Lt. Col. Frank Leftwich, the squadron transitioned from the single seat F8 Crusader to the F4N Phantom. Drawing on the talents of the locally based weekend warriors supported by a cadre of Regular Marines, the squadron transitioned rapidly to a combat ready status.

In addition to its annual two week training duty, the unit made multiple mini-deployments to develop the skills and techniques required to achieve combat readiness.

**Jets 34 Eastside 0**  
Jeff Rosandich put five touchdowns on the scoreboard for the Jets in this win. Rosandich scored on runs of 2, 4, 20, 44 and 35 yards. PATs were added by Kit Johnson and Kurt Dow. Dow highlighted the defense with two fumble recoveries, while one each was snagged by Steve Hodges, Danny Plunkett and Brian Coleman. Other standouts were Carter Hunt, Sammy Bradshaw, Ricky Hargett and Billy Lux.

**Cowboys 32 S-J-S 0**  
Reggie Hartwell put two touchdowns on the scoreboard for the Cowboys in this win. Lance Blakely, Maurice LaVerdure and Scott Oakland also had touchdowns. Other highlights included a fumble recovery by Brad Richter, Todd Fowler with a PAT run, plus defensive play by

Douglas Mumme, Greg Ward, Blake Boydston, Sean Kendall, Mike Yorek, Damon Hughey, Joey DeSola, Tom Stafford, Tony Reese, Doyle Carter and Matt Wilson.

**Bears 14 Missiles 12**  
Darrell Clark scored both Bear touchdowns on runs of 10 and 6 yards plus a two-point conversion run. Roy Woods led ground gainers with 65 yards. Other standouts were Scott McDonald, Trent Bolton, Eddie Frola with 10 tackles and two fumble recoveries, Brian McFarland, Shawn Pfeiffer, Doug Whitmore, Clay Haggard, Jeff Dombrosky and J.D. Cecil.

**Steelers 38 Raiders 0**  
Chris Mathers scored four touchdowns on runs of 10, 30 and 25 yards plus on a 40-yard punt return. Tom Busler also scored on an intercepted handoff and run of 45 yards. Keith Filer and Brad Volding had one PAT each. Other standouts were Volding with six tackles, Tom Gleason, Rob Shapley, S.T. Lowell, Jeff Gurney, Shane Monk, Jim Forsythe, John Fuller, John Ingles, Doug Helm, Brian Adams, Doug Sloan, Rusty Martin, Kirk Towler, Andy Fry and Kevin Eden.

**Davis-Weatherford 14 Hughston-Saigling 0**  
Warren Womack and Brad Parrack accounted for Davis-Weatherford scoring on respective runs of 10 and 70 yards. Womack also had a PAT. Other standouts were Karl Filer, Lee Murray, Bruce Fraser, Robert Dunlop, Ronnie Walker and Greg Porterfield.

# Aerobats Paced By Von Wald Sisters

Winning is twice as nice, especially when there are two "Aerobats" in one family.

City of Plano "Aerobat" Gymnastics Team members Lori and Lisa Von Wald walked away with a total of eight ribbons to add to the family scrapbook while participating in a Dual Class III Compulsory Gymnastics Meet with the City of Richardson Saturday, October 8th.

Lori Von Wald placed second in Valt, fourth in Uneven Parrallel Bars, and fifth in Balance Beam, while her sister Lisa came away with a first in Uneven Parallel Bars, third in Floor Exercise, third in Balance Beam, sixth in Vault, and first in "All-Around".

In the 12-14 age group, Cindy Hinrichs placed first in "All-Around" competition with a strong performance. She took first in Balance Beam, first in Uneven Parrallel Bars, second in Vault and third in Floor Exercise.

In the same age group, Taylor Watkins received ribbons for a second in Floor Exercise, second in Balance Beam, fifth in Uneven Parallel Bars, and fourth in "All-Around" competition. At the same time Tracy Newman received a tie for 2nd with Cindy Hinrichs for a strong performance in Vault.

In the age 9-11 group, in addition to Lisa Von Wald's honors, Ann Dudley received fourth in Vault and fifth in Balance Beam while Kelly Plazak placed sixth in Uneven Parallel Bars. Ellen Grief placed fourth on Balance Beam, fifth in Floor Exercise, and sixth in Vault. Debbie Nelson, competing for the first time as an "Aerobat" took "All-Around" honors while Beam, second in Floor Exercise, third in Vault, and fifth in Uneven Parallel Bars.

Kelly Ryan was awarded fourth place in "All-Around" competition by placing first in Floor Exercise, fourth

place in Uneven Parallel Bars and fourth place in Balance Beam.

"Although the Richardson team took the team trophy for the meet by a margin of two points, the Aerobats turned in an excellent performance overall", said Head Coach Pam Cox. "We expect to continually improve in the weeks ahead".

The "Aerobats", sponsored by the Parks and Recreation Department consists of girls age 6 - 18 who have the desire and skill to participate in competitive gymnastics.

The Aerobats next meet will be Saturday, October 22, against the Tap & Toe and SouthWest Gymnastics Inc. Teams at Weatherford Elementary School Gymnasium, 2941 Mollimar Drive in Plano. This Class III Compulsory Meet will begin at 10:00 a.m. The public is invited.

For information concerning the Aerobats, call the Parks and Recreation Department at 423-4795.

# 13-AAAA Roundup

## 'Cats Hold Edge In Loop Race

Four weeks remain in District 13-AAAA play and the Plano Wildcats have an inside track to the loop crown with a 4-0-1 loop record.

Plano was locked out of the thrown room one season ago by Sherman's highly touted Bearcats, however, Plano has ruled the district in games thus far. Their only district blemish is a tie with Sherman, 14-14.

However, the Wildcats are facing some of the toughest competition in the district. This week Plano travels to Richardson for a game that is a rivalry comparable to Texas-Arkansas etc.

Richardson has played the role of a spoiler the past two weeks. They have beat Denison and Greenville and have elevated themselves to a top contending position in the district.

Richardson will have no trouble in getting mentally prepared for Plano. The Eagles have never beaten Plano in four previous meetings.

But, Plano still has Greenville and Denison after Richardson so their schedule is probably the toughest remaining for any loop team.

Plano and Sherman have identical 4-0-1 district records but Plano holds the edge because of their 14-14 game played Sept. 30. Plano was awarded the edge in first downs after officials ruled penetrations were tied. So, if both teams remain unbeaten through the remainder of the season, Plano advances to the state playoffs after a year's absence.

Sherman has an easy slate before them. They are open this week but have to play Paris, Berkner and Richardson is

remaining contests. Paris and Berkner only have one combined district win between them so Richardson is their only tough game remaining.

Plano's most recent win was 16-0 over Richardson Berkner. Although they suffered a slight letdown in the game, Plano won and did it despite losing both of their starting running backs - Jeff Turner to injury and John Gaddis by discipline.

Plano's backfield depth was never more recognizable as backup runners got the scoring job accomplished.

Plano's defense has seemingly jelled and have become the top statistical unit in the district. Plano has allowed only 80 points in seven games and the next best is Berkner with 107 points allowed.

The Wildcats have an open date the last week of loop play - Nov. 11. Should Plano go on to win the district, their open date becomes very useful in preparation for bi-district play against the winner of 14-AAAA.

# Forney Catches Up With Wylie Pirates

After losing their initial three games of the season Forney has now won three in a row including last Friday's 30-8 victory over Ferris. The win enabled Forney to move into a tie with district frontrunner Wylie. Both have identical 2-0 marks.

The loss by Ferris moved them a half game back with a 2-1 record. Forney led Ferris by a score of 16-0 going into the fourth quarter of their game when they erupted for two touchdowns and easily downed outmatched Ferris.

Cedar Hill moved within a half game of Wylie being open with their 41-14 thrashing of Red Oak, 1-6. Cedar Hill ran up 393 yards rushing against the hapless Red Oak team.

The bruising blue of Allen High School dropped their third game in a row, all district games, with their narrow 10-7 loss to the Midlothian Panthers. The Panthers are now one game out of the district lead while the Eagles have dropped to 2 1/2 games out with only three games left on the Allen schedule.

In their last two games the Eagles have lost by a combined total of six points. Going back even farther the Eagles have lost by 11 points in three games. Their three opponents in those three losses have

a combined win-loss record of 14-6.

Allen is out of town this Friday night but they really don't have that far to go. The Eagles take on district favorite, the Wylie Pirates at 8 p.m. at Wylie Stadium. The Pirates to date have not been overwhelmingly impressive. Wylie, 2-0 in district play have played on mistakes in both those wins. Against Cedar Hill the Pirates took advantage of several turnovers in route to a 15-6 victory. Midlothian fumbled away the ball on the Pirates two-yard line and Wylie took it on in for the score. Later in the game the Pirates got another touchdown on a fumble by Midlothian in the Panther end zone for a score.

# Raider Gold On Top

Bowman Middle School's seventh grade Gold team scored 12 points in the third quarter as their offense rolled up 274 total yards enroute to a 12-0 win over Armstrong at John Clark Stadium Saturday.

Jack Alexander got the Raiders first score on a 80-yard run around the left end. Alexander also scored the second Raider touchdown on a 41-yard run off tackle with only seven seconds left in the

third period.

Alexander finished the day with 157 yards rushing.

"We made a lot of mistakes, but still generated an excellent offensive attack," said Coach Jim Bob Segars.

Standouts for Bowman were David Magill, Tim Taylor, Mark Gilstrap, Pete Fulcher, Keith Smith, Brian Burch and Dwight Majors. Dave Williams and Ross

Metersky both intercepted passes for Armstrong.

Outstanding players for the Apaches were, Dave Williams, Randy Roberts and Todd Call.

"We made several mistakes which hurt us very much," said Coach Jimmy Spann of Armstrong. "We didn't play aggressive enough to win the ball game. A lot of credit should go to Bowman as they played very tough."

# Plano Judo Club Hosts Tourney

Host Plano Judo club took fourth place in the overall team standings at an AAU sanctioned tournament held Saturday at Williams High School in Plano. First place in the team standings went to the Tamura Judo Institute of Dallas, second place went to the Fort Worth Judo Academy and third place to the Odessa Boys Club of Odessa.

Individual winners for the Plano club were Chris Fletcher who took the clubs

only first place. Second place trophies went to Jeff Murray in the 15-year old heavyweight class, Raymond Bowden in the nine-year old heavyweight and Brad Barnes in the nine-year old lightweight classes.

Plano's only entry in the senior division, John Murray, took second place in the 0-132 pounds class, after a tough two out of three matches against Fort Worth's Steve Looney, a 22-year old second degree black belt.

Third place trophies went to Jimmy Murray in the 16-year old lightweight class, Jay Murray in the seven-year old lightweight class and Nancy Wellbeloved in the Junior Girls class.

Another Plano resident, Paula Davis, took second place in the senior womens 116-130 pound class.

Almost 100 competitors from Texas, Arkansas and Louisiana participated in the contest.

Coach Jack Murray remarked that he was really

pleased with the way that all of Plano club played.

"We didn't stand much of a chance in the team standings as we had a relatively small number of entrants, for instance we only had one player in the senior men and women and that represents 13 different classes.

It's very difficult to win a team trophy when you have that many open spots. But every one of our players did well in the individual events," said Murray.

Raymond Bowden of

Plano had a particularly busy day. He competed in the Dallas punt, pass and kick competition in the morning and then got back just in time to make his first match in the judo tournament.

Coach Murray, who also served as tournament director, went on to observe that the Williams facility was well received by the out of town competitors. "Virtually every one from out of this area commented how nice the facilities here in Plano were. We were particularly indebted to Rex Olson and his crew from the Parks and Recreation Department, they were just super.

Charlie Lout at the Plano YMCA loaned us a mat, which also helped a great deal and two members of the Plano Fire Department gave us emergency medical personnel at the scene. Ironically we didn't have one injury during the competition, but two guys got hurt before the competition ever started, one fell on his wrist warming up and the other hurt his foot on a table," said Murray.

Refreshments for the spectators and players alike were handled by Mrs. Wellbeloved and Mrs. Factor and helped everyone survive the long day. Mrs. Bowden served as general

handyperson, doing anything and everything that had to be done before the tournament. A sound system was donated by Radio Shack of Plano and as a result both players and spectators could know what was going on at all times. Several parents from out of town clubs pitched in to help out with the scoring and paper work and contributed to the generally fun atmosphere that marked the tournament.

Coach Murray announced that a beginners class will be starting the first week in November and that interested parties should call him and leave their child's names and ages with him so that he can determine how many students are interested and what age and weight brackets they will have to be broken down into.

His home phone number is 442-3092. The time and place for classes will be announced after he knows how many students will be involved. Next week the Plano Club will be submitting a formal bid, requesting that the Southwest District AAU Junior Olympic trials be held here in Plano this spring. A decision will probably not be forthcoming for at least a month after the bid is submitted. Hopefully another tournament will be held in Plano in May of 1978.

# Plano 6th In Jesuit Meet

Plano Senior High's cross country team took sixth place in the team standings in the Jesuit Meet held Saturday at White Rock Lake's Norbuck Park.

Rick Banks paced the Plano effort with a third place individual finish in 9:58.6 for the two-mile course. Also counting toward the team standings for Plano were Rick Parker, 14th in 10:22.2; Jerry Close, 26th in 10:50.1; Matt Connelly, 33rd in 11:05.5 and Jay Chase, 41st in 11:29.4.

Also running for the Varsity was Greg Smith at 46th in 4:56.3.

Mesquite High won the team honors in the 40-plus team meet. Richardson High was second. Teams from the Dallas-Fort Worth, Houston and other parts of Texas participated. Approximately 40 Class AAAA schools were in attendance.

Coach Ron McNeil was pleased with the performance of his team but feels more improvement is needed.

"All of our times went down. It was the best we have run all year but there is still some room for improvement. Several teams in our district (13-AAAA) are running better times so we have to improve drastically

before the district meet in four weeks."

In the Junior Varsity competition, no team points were kept. However, Plano's Robert Purnell finished 40th in 11:27.0, Ron Brooks was 44th in 11:31.0, Ed Cormack was 49th in 11:34.0; Max Miley was 81st in 11:52.0; Brian McGhee was 104th in 12:25.0 and Wayne Rusk was 151st in 13:11.0.

Plano's next meet is with Mesquite at Samuel Park on Saturday, Oct. 22 at 9 a.m.

# Haggard Defeated

Haggard's seventh grade White team scored on a 25-yard run by David Reese in the fourth quarter but it wasn't enough as Haggard went on to lose to the Wylie seventh grade Saturday, 14-6.

Besides the touchdown run by Reese the other two highlights for the Eagles came on pass interceptions by Jeff Plummer and Rick Mann.

Other members of the Eagles who had a good day were, Tom Airhart and Rich Hartkorn.

# Stanley Wins Grid Contest

Four persons missed only six games in last week's Daily Star-Courier Football Contest.

First place winner was Mrs. Charles Stanley. She missed six out of a possible 31 games and will receive \$25 for her efforts. She resides at 3305 Erwin Dr.

Second place and \$15 was won by John Gajdica of 1124 Edgefield. John also missed six games but was edged on his tiebreaker.

Third place and \$10 goes to Tommy Kennedy of 2921 Forest Hills Lane in Richardson. Tommy missed six games but was dropped to third place on his tiebreaker prediction.

Also missing six games but finishing out of the money was Mike Coffey of 1000 Kirmwood. His prediction of Texas 10 - Arkansas 3 was bested by all three top finishers.

Winners should pickup their checks in person at the Daily Star-Courier offices at 1301 19th st. Out of town winners will receive their check by mail.

This week's contest can be found elsewhere in today's Daily Star-Courier.

# Bowman Beats Haggard Red, 22-8

Haggard Middle Schools seventh grade Red team got on the board first Saturday against Bowman Blue at John Clark Stadium after recovering a fumble at the Raider two-yard line.

Bowman came back to win however, 22-8.

Haggard's touchdown came on a one-yard run by Cole Farrell.

In the same period Bowman got on the board on a 73-yard run by Ben Baker.

Brady Hunt scored the two-point conversion on a run to tie the game at 8-8 going into the second quarter.

Mike Shaffer pulled in a 39-yard pass from Audie Wigley in the second period to put the Raiders out in front by a

score of 14-8.

In the third period on the final score of the game Baker got this touchdown on another long run, this one was good for 75 yards. John Dune added the conversion on a run to give the Raiders their final tally of 22 points.

Outstanding players for the Raiders were, Baker, Wigley, Shaffer, Brady Hunt, Defensive end Chuck Gore and Dune at linebacker.

For Haggard standouts were, Ferrell, Karl Harvey, Scott Johnson, Jimmy Garcia, Reagan Lancaster, John Stroh, Troy Adkison, Ferrell, Jimmy McGovern and Harvey again on defense.

# Allen Wins In Volleyball

Allen's girl volleyball team downed Midlothian's volleyball team 15-9 and 15-8 but later lost their second district game in three tries to Wylie at Wylie Saturday.

In their win over Midlothian Missy Bankhead knocked across six points and Loresca Foster added four points as the two girls led scoring for the Eagles in the 15-9 match win.

In the second game the Eagles won 15-8 with Toni Hedgecoxe the leading point producer with five points and team mate Belinda Seamon adding four points.

"Toni Hedgecoxe did a good job getting to the ball and keeping it in play," said Coach Sheila Holland.

"The girls did a good job moving to the ball and played an almost error free match, which is what we have to do to win," she added.

Midlothian match's.

Losing the first game 5-15 Toni Hedgecoxe was again the leading point maker with three of the five points coming from her serves.

In the second game the girls were defeated 7-15. Loresca Foster was the high scorer with four points to her

credit.

"The girls played good but they made several errors that they did not make in our first match and Wylie took full advantage of each one," said Ms. Holland.

The girls travel to Ferris in a match with Red Oak Saturday at 12 noon.

# Stacey Serves At AAU National Meet

Norma J. Stacey of Plano, was in Columbus last week as a delegate to the 90th annual convention of the Amateur Athletic Union of the United States (AAU). The convention ended Oct. 15.

Faced with the challenge and responsibility of providing U.S. athletes with opportunities to prepare for competition in future Olympics, the more than 1,000 delegates representing

all 50 states and 7,000 local athletic clubs around the country will, in addition to other pending business, determined the sites of major national championship events. The convention also nominated, contenders for the Sullivan Award, the highest honor in amateur athletics.

AAU also conducts development programs in basketball, gymnastics, handball, karate.

ASTRO-GRAPH Bernice Bede Osol

For Wednesday, Oct. 19, 1977

Your Birthday

Oct. 19, 1977

You will meet someone whom you'll become extremely fond of through a person you already know. This new acquaintance will usher more fun into your life this coming year.

**LIBRA (Sept. 23-Oct. 23)** Try to let nature take its course today if you desire a measure of success. Attempting to force square pegs into round holes will rob you of any achievement. Find out more about yourself by sending for your copy of Astro-Graph Letter. Mail 50 cents for each and a long, self-addressed, stamped envelope to Astro-Graph, P.O. Box 489, Radio City Station, N.Y. 10019. Be sure to specify your birth sign.

**SCORPIO (Oct. 24-Nov. 22)** Situations that have hemmed you in will be somewhat alleviated today. On a modest basis you'll be able to lessen pressures and call your own shots.

**SAGITTARIUS (Nov. 23-Dec. 21)** Once again today you should try to trim your spending frills. Hold your purchases to the bare essentials to maintain stability.

**CAPRICORN (Dec. 22-Jan. 19)** It's very much to your advantage today not to be too self-serving. Protect your interests, but don't make them the center of the universe.

**AQUARIUS (Jan. 20-Feb. 19)** Take the time today to stand back and look at yourself as others see you. You may clarify some situations that had been muddled.

**PISCES (Feb. 20-March 20)** Show a willingness to make sacrifices to benefit others today. If you do, they may be more apt to act in your behalf in problem areas.

**ARIES (March 21-April 19)** If you don't really plan your moves carefully today you could have a very hectic time with little to show for it. Try to be well organized.

**TAURUS (April 20-May 20)** Before you go head over heels in quest of something, ask yourself if the end result is worth the effort. If the answer is "no," spare yourself the anguish.

**GEMINI (May 21-June 20)** It's possible that you could have a rash of run-ins with different friends today. When you've cooled down, be the first to apologize.

**CANCER (June 21-July 22)** When you sense that a joint venture is getting out of your control, stand up and assert your rights. You may salvage something.

**LEO (July 23-Aug. 22)** It's possible you'll have considerable frustrations early in the day, but take them in stride. Toward evening they won't seem so bothersome.

**VIRGO (Aug. 23-Sept. 22)** Financial conditions are mixed today. You could turn up some gains, but you'll probably use more red ink than black.

Convince fleas to flee

POLLY'S PROBLEM

By Polly Cramer

DEAR POLLY — I would like to know if anyone could tell me how to get rid of fleas in my carpet. — SHARON M.

DEAR POLLY — Is there any way I can possibly get fleas out of my shag carpet or does one have to get rid of the carpet? — MILDRED

DEAR SHARON M. and MILDRED — Some of the insecticides formerly recommended for this have now been banned but you might buy one from an exterminating company that would be effective. If all else fails, treating by a professional exterminator may be necessary. It would certainly be far less expensive than replacing the carpet.

Fleas really hop around and doubtless are in your upholstered furniture if they are in the rugs. If they are not too bad you could try spraying the room with FLY spray. Close the room for an hour or so perhaps when you are going shopping or will be away from home for a while. Repeat in two to three days. — POLLY.

DEAR POLLY — I wanted to cook a roast in my crock pot but it was too large for the lid to go on. I covered the roast that extended out of the pot with aluminum foil and very carefully sealed it tightly around the edge of the pot. This worked wonderfully in place of the lid. — ZOE ANN.

DEAR POLLY — Miss L.'s Pet Peeve was the sloppy way that people write their names and addresses on orders or requests for catalogues sent to the company she works for. When I am ordering anything by mail or writing to a company that would need to send a reply I always enclose a printed name and address label such as most of us have. The company can stick it on the return mail so I never have any trouble. — MRS. O.B.

DEAR MRS. O.B. — I do hope you clip this label to your letter; such small bits of paper could stay in the envelope or be easily overlooked. It is a good idea. I well know how hard it often is to decipher different hand writing. — POLLY.

DEAR POLLY — When my children were babies I removed formula stains from their clothing by first wetting the spots and then sprinkling unseasoned meat tenderizer on them. Let stand for half an hour and then launder as usual.

For years my faithful standby for removing black grease stains or ballpoint ink stains has been undiluted pine oil. Pour on a small amount and rub fabric gently together. I always test a small area first and have never had either of these remedies ruin a garment. — MARY O.

SECOND PRIZE \$15<sup>00</sup>  
THIRD PRIZE \$10<sup>00</sup>

### CONTEST RULES

Listed at the bottom of each advertisement on this page are games to be played during the coming weekend. Using the accompanying entry blank or a reasonable facsimile, list the team which you believe will win that game by the corresponding numbers. If you believe that game will be a tie, write tie in the blank instead of the name of either team. In the separate "Tie Breaker" game you must predict a score of that game. The tiebreaker is used only if there is a tie in the regular contest. One entry per contestant may be submitted, however, each member of a family may enter. Only one member of a family may win in any given contest. Submitting an entry is agreement that all decisions of the judges is final. When using a reasonable facsimile, entry blanks may not be machine reproduced. Only hand drawn blanks depicting the original blank are acceptable. All entries become the property of the Plano Daily Star-Courier and will not be returned. Entries must be received in the Star-Courier or be postmarked by 3 p.m. Friday preceding the weekend of the games. Winners will be announced in the following Tuesday's Star-Courier.
